

THE PLAYBOOK

Stop relying only on RULA and REBA.

Why 1990s paper methods fail in modern manufacturing.

START HERE

Your 1990s safety tools are failing

RULA and REBA were built for paper and pen. Static snapshots miss dynamic movement, hiding real injury risk.

→ next: Systems in one pass

6

Systems in one pass

REBA, RULA, NIOSH, Snook, HSE MAC, WISHA.

Assess every task, not just the sampled few
